

Nextech Eurocraft™ Trading Desks Specification Guide

Step 1

Specify Size Of Trading Desk

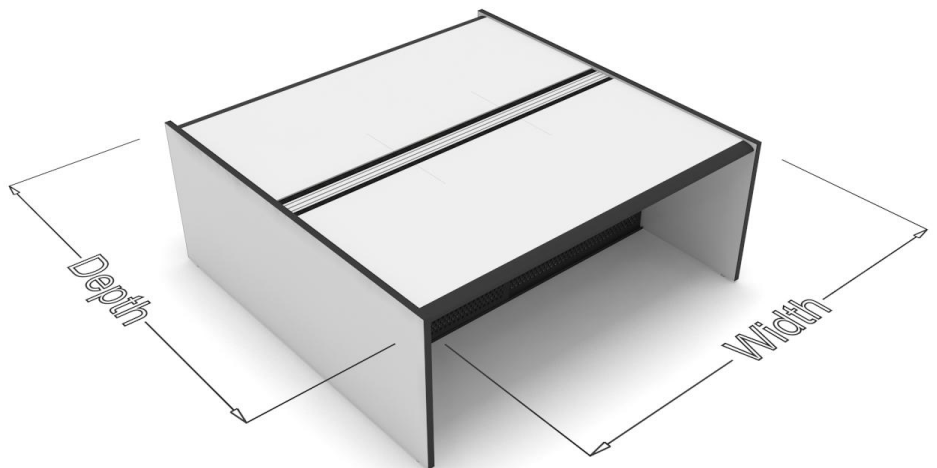

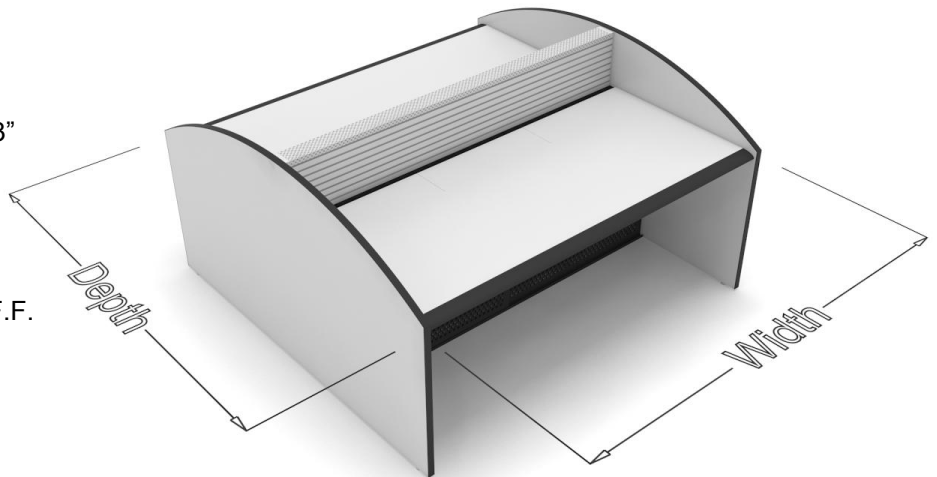

Trading Desks are available in 3" increment widths (starting from 36") and 72", 64", & 60" depths.

All desk worktops are 29 1/2" A.F.F. (Above Finished Floor)

All sizes are customizable, from width to depth and even height.

Common desk sizes are as follows (Width x Depth) –

36" x 72"	36" x 64"	36" x 60"
42" x 72"	42" x 64"	42" x 60"
48" x 72"	48" x 64"	48" x 60"
54" x 72"	54" x 64"	54" x 60"
60" x 72"	60" x 64"	60" x 60"
66" x 72"	66" x 64"	66" x 60"
72" x 72"	72" x 64"	72" x 60"

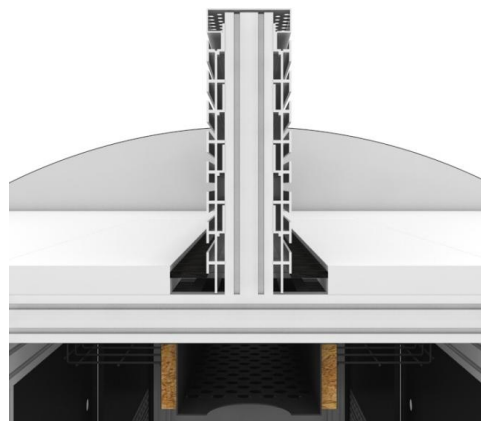

Step 2

Specify Type Of Trading Desk

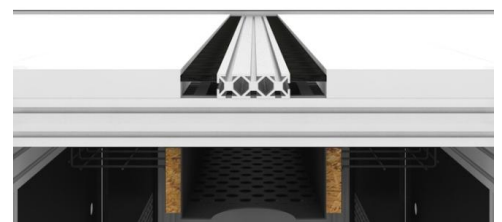

Trading Desks can be specified with our industry-standard 10" slotwall or our 1" x 3" toolbar.

Custom heights of slotwall are available.

Our slotwall and toolbar can accept all industry standard monitor arms.

10" Slotwall

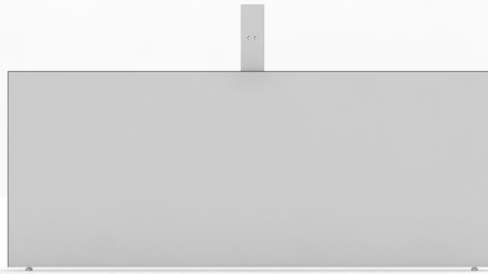

1" x 3" Toolbar

Step 3

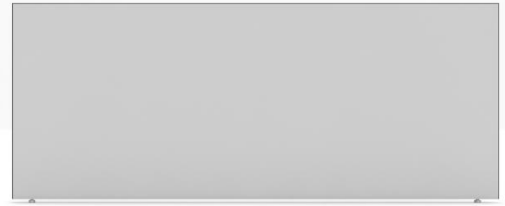

Specify Cladding

End Panel Options

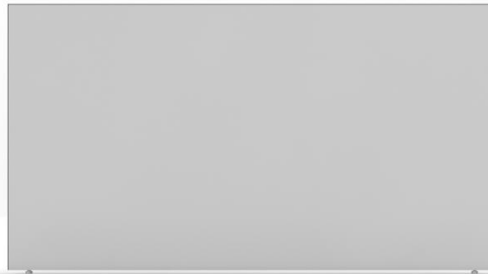

Custom shapes are also available.

Step 5

Additional Options

You can customize almost any of our standard components to create a truly unique desking solution for your needs.

Step 6

Finishing Touches

Almost all vertical and horizontal surfaces can be specified with a laminate or veneer finish.

Wilsonart is our preferred vendor of laminates, with almost all standard and premium laminates available. We also use Formica, Nevamar, Laminart, and Pionite.
